

Complete the look with elfa[®] decor fascias for a luxurious timber finish.

Install fascia on ventilated shelves

Step 1

Position the fascia with the opening facing the ventilated shelf. Make sure the groove in the fascia is at the top.

Step 2

Hook the groove over the top wire of the shelf with a downward motion. (Diagram A)

Step 3

Use the included clips to secure the fascia to the ventilated shelf. Attach the clip to the underside of shelf wire (Diagram B) and slide it all the way into the opening of the fascia. (Diagram C)

Step 4

Repeat with another clip at the opposite end of the fascia. (Diagram D)

TIP Position all pieces of fascia before installing clips.
