Howards Storage World easy-build Shelving Solutions - Making Storage Stylish and Simple!

There is nothing more satisfying than knowing everything in your home has a dedicated place so imagine a stylish shelving system that instantly transforms clutter into perfect order. Howards Storage World's **easy-build** shelves create functional office space, magnificent wardrobe shelving and versatile kitchen storage.

easy-build is made with triple coated commercial chrome and comes with a five year warranty. It is a perfect mix of functionality, durability and style. Available in full kit format or individual components, **easy-build** can be assembled and customised by simply adding or removing shelves as needed.

And, if the idea of self-assembly sends a shiver up your spine, you'll be reassured to know that **easy-build** requires no tools to assemble and is designed for sublime simplicity. Like a Lego set for adults, all the pieces of your **easy-build** shelving system simply clips and slides together, allowing you to set your shelves at the height and width you desire.

For added convenience, **easy-build** is multi-functional and fully transportable so when you relocate, your shelving system relocates with you. Just detach the pieces and reassemble – without tools, hooks or damage.

In the Kitchen, **easy-build** instantly creates a stylish home for your microwave or pots and pans. In the bedroom it makes the most of available space by transforming a vacant wall into a functional wardrobe. And, **easy-build** is also ideal for commercial use. The unit is so sturdy that it effortlessly holds heavy bottles and tins and is ideal for cafes, restaurants, schools and even hospitals.

easy-build kits are priced from \$169 and are also available in individual components so that you can continue to adapt your shelves as your storage needs change. The possibilities for **easy-build** are endless; it's adaptable, easy to assemble and completely affordable – it is the perfect self standing storage solution for every home and office.

For more information on these and other great storage ideas call into your nearest Howards Storage World® store, visit the website www.hsw.com.au or telephone 1300 666 616.
