Howards top five tips to save you time and money around the home **From the pantry to the home office, Howards has you sorted!**

Home organisation experts, Howards Storage World have all the answers when it comes to organising your home. They know that organised living is a guaranteed mood enhancer. Not only will you enjoy a renewed sense of control but you'll also save valuable time, space and money by creating storage solutions for your household essentials and keep them close at hand for when you need them most.

Plus, Howards Storage World is helping you embrace environmental living with a brand **NEW** range of *eco friendly bamboo products* that are kind to the planet and the eye.

Tip 1: Sort out the Pantry

Make your pantry a place to be proud of and let Howards assist you in creating a clean, spacious and accessible area to accommodate all of your groceries.

Maintaining a well organised pantry has a myriad of benefits including keeping food fresher for longer when you use quality food containers; utilising every inch of space effectively with the help of undershelf baskets or door spice racks; and avoiding costly double-ups when you are able to see clearly what's in your pantry.

From small cupboard-size pantries to large walk-ins, Howards Storage World's wide range of handy storage solutions will help you get your pantry in order. For an eco friendly option Howards recommends **NEW Bamboo Spice Canisters** (\$49.95) with detachable spoon and chalk board exterior for easy labelling and the **Bamboo Expanding 3 Step Shelf** (\$49.95).

Tip 2: Sort out the Bedroom

Efficient storage solutions are essential in the bedroom.

Start with a full wardrobe overhaul and free up much needed space in a congested closet. An organised wardrobe allows you to see exactly what you have so you won't spend money on clothes you don't need.

Once your wardrobe is in order, prioritise your collection by hanging your daily essentials on hooks or valets and take time to sort out your jewellery and makeup. You will be amazed at the time you save in getting ready for work in the morning.

Howards' top bedroom products include the **4 Tier Shirt Hanger** (\$7.95) which creates added room in your wardrobe. Howards' freestanding **Clothes Valet** (\$109) puts an end to the morning muddle by all allowing you to gather your garments the night before. And for storing precious treasures, try Howards' **Stackable Jewellery Trays** (compartments \$12.95 and lid \$8.95). The ingenious compartment design keeps your treasures safely stored away and allows you to add trays as your collection grows so you can go on treating yourself to the finer things in life!

Step 3: Sort out the bathroom

The bathroom is a private, tranquil space so make bath time a dose of pure pleasure by creating an environment where your daily spa essentials are within easy reach.

Howards recommends you maximise space by using the **Over The Door Towel Rail** (\$59.95); a clever addition to every bathroom by allowing you to make the most of vacant space behind the door.

Plus, it's a good idea to regularly check the expiry dates on all your beauty and pharmaceutical products. This will prompt you to de-clutter and create extra storage space in the bathroom cabinet.

To add function and finesse to your bathroom Howards suggests the **NEW Bamboo Shower Caddy** (\$99.00) and matching **Bamboo Bath Mat** (\$39.95). This gorgeous, eco friendly bamboo range accommodates all your shower essentials while also offering superior water resistant durability.

Step 4: Sort out the Office

It's easy to create paper clutter in the home so having a well organised office space for all your mail and paperwork is essential. Howards' tip for the office is to keep a recycle bin close to your work area so you can instantly resolve unwanted paper work.

Howards' **NEW Bamboo office range** (items from \$4.95) will create a more efficient desk top keeping your office clutter under control!

Step 5: Sort out the Living Room

The living room is the hub of the house and should be a place of relaxation and socialising for the entire family. By making your living area a haven for everyone to enjoy you'll reap the financial rewards of spending more time at home.

Howards' 'must have' organisation products for this central room include **Resin Shelves** (from \$69.95) that offer a simple and stylish home for all your living room essentials, the **One Touch Box** (\$54.95) for storing the ever expanding CD or DVD collection and the **Faux Leather Remote Control Holder** (\$21.95) to keep your remotes in one handy and accessible location.

Finally, if your family has a habit of de-cloaking their outer layers as they pile into the living room at the end of the day, Howards' **Coat and Hat Stand** (\$135) is the perfect solution to keep your living space tidy and organised for everyone to enjoy.

So don't be bogged down by household clutter, Howards Storage World's top tips offer all the advice you need for a fresh and practical approach to organised living.
